LABOR RELATIONS Board, Hawai`i

The Hawaii Labor Relations Board, established under section 89-5, Hawaii Revised Statutes, is composed of three members, one who represents management, one who represents labor, and the third member, the Chair, who represents the public. All members are appointed by the Governor to six-year terms. Among its duties, the Board resolves disputes concerning the designation of appropriate bargaining units under section 89-6, Hawaii Revised Statutes; resolves disputes concerning cost items; supervises elections for the determination of employee representation; conducts proceedings on prohibited practice complaints by, employees, and employee organizations; and establishes lists of qualified persons to serve as mediators, members of fact-finding boards, or arbitrators.

Each member shall hold office until the member's successor is appointed and qualified. The members are compensated and shall devote full-time to their duties as members of the board.

The Council on Revenues, established under section 37-111, Hawaii Revised Statutes, prepares revenue estimates of the state government for each fiscal year of the six-year state program and financial plan. WESTERN INTERSTATE COMMISSION FOR HIGHER EDUCATION (WICHE)

At all times one commissioner shall be an educator engaged in the field of higher education in the State. The commission elects own chairman and vice- chairman.

The Western Interstate Commission for Higher Education (WICHE) was created to administer the Western Regional Education Compact, which the Legislature approved in 1959 (Act 253, Session Laws of Hawaii 1959; section 310-1, Hawaii Revised Statutes). Thirteen western states are members: Alaska, Arizona, California, Colorado, Hawaii, Idaho, Montana, Nevada, New Mexico, Oregon, Utah, Washington, and Wyoming. These states entered into a compact designed to pool their educational resources, to plan jointly for the preparation of a specialized skilled labor force, and to avoid, where feasible, the duplication of expensive facilities and programs. Member states participate in the Student Exchange Program, the Western Regional Graduate Programs, and the Western Undergraduate Exchange Program. WICHE also sponsors, with nonstate funds, many educational conferences, symposia, and related projects. Three states--Minnesota, North Dakota, and South Dakota--have affiliated with WICHE in order to participate in western regional programs. The Commission consists of members and affiliated state representatives, who are appointed by their respective state governors. The Commission conducts research and publishes studies on higher education problems in the western area. Hawaii's Commission, consisting of three commissioners, is assigned for administrative purposes to the Board of Regents' office.

WICHE exchange programs allow students to enroll in curricula not available in their home states at rates below the usual non-resident tuition. The 15-state consortium also provides data analysis on education issues and supports other initiatives, including distance education, services for the mentally ill and effective use of technology.

There are two mainland conferences each year. November and May.

The commission shall consist of three resident members from each compacting state or territory.
